FOR IMMEDIATE RELEASE

Tech Met, Inc. welcomes Senator Bartolotta and Donora officials to tour new Donora Facility

October 20, 2017 Glassport, PA, Tech Met, Inc. a provider of Custom and Standard Chemical Milling Services welcomed Senator Camera Bartolotta, Mayor Donald Pavelko and several Donora officials to tour the Tech Met Expansion facility in Donora, PA. The 88,000+ square foot commercial property was purchased in October of 2016 for Tech Met's business expansion and is expected to be operational by March, 2018.

Tech Met's President, Mike Vidra led the tour, describing Tech Met's processes, industries served and plans for the Donora Site. Tech Met has been involved in a number of process development efforts for special etching, chemical-milling, and surface preparation applications and holds multiple patents in those fields. The Donora site size, layout, growth potential and access to rail transport made it an ideal location for Tech Met's expansion. Vidra commented that "Tech Met's core company values are based on honesty, fairness, performance and hard work, We are proud to be a very environmentally aware and responsible community partner. Tech Met and its employees are excited to be able to expand into Donora, remediate a brownfield site, and to bring new life to this area."

Tech Met anticipates hiring 30-40 employees over the next five years, with 90% of those positions expected at the Donora facility.

About Tech Met, Inc.
